

NOAM FELUS

DATA ENGINEERING STUDENT

noam.felus2@gmail.com | 052-8357064 | [Linkedin](#) | [Github](#)

PROFESSIONAL SUMMARY

First-year Data Engineering student at Ben Gurion University with hands-on projects in computer vision, ML, and automation. Fast self-learner with strong analytical skills, seeking a Data Engineering internship to build scalable pipelines and AI solutions.

EDUCATION

B.Sc. in Data Engineering 2024 – Present
Ben Gurion University of the Negev Be'er Sheva

High School Education (Science Track) 2015 – 2020
Ginsburg High School Yavne

- 10 units Computer Science (final project score: 100); 5 units Math, 5 units Physics, 5 units English
- Awarded Ministry of Education Certificate of Excellence

TECHNICAL PROJECTS

Smart Home Motion Automation Python, YOLOv8, OpenCV

- Built an end-to-end vision system converting raw video into auditable Home Assistant YAML automations.
- Utilized YOLOv8-Pose and OpenCV for tracking, combined with LLM intent prediction and cosine-similarity filtering.
- Ensured a privacy-first architecture through strictly local, offline processing.

Flight Price Optimizer Machine Learning, Python

- Trained an ML predictor for optimal booking windows utilizing a synthetic flight-pricing dataset.
- Shipped an interactive desktop GUI featuring visual analysis and SHAP-based model explanations.

Basketball "Hot Hand" Statistical Analysis Data Analysis

- Analyzed NBA 2024-25 shooting streaks to rigorously test the statistical significance of performance spikes.

TECHNICAL SKILLS

Programming Languages Python, SQL, Java, C#

Data & AI Technologies Machine Learning, NLP, OpenCV, BeautifulSoup, Selenium

Professional Skills Teamwork, communication, problem-solving, rapid self-learning

MILITARY SERVICE

Combat Soldier | Paratrooper Brigade 890 Mar 2021 – Dec 2023
Israel Defense Forces

- Elite combat unit service demonstrating high resilience and rapid decision-making under severe pressure.
- Certified Fighter 07; cultivated strong teamwork, discipline, and leadership in mission-critical settings.

LANGUAGES & CERTIFICATIONS

Languages Hebrew (Native), English (Highly Proficient)

Certifications Technological Leadership Development: Ness Technologies (CTM-Ed)
